

## **Indiana Register Summary January 1, 2001**

### **Final Rule**

#### **Water Pollution Control Board**

[LSA #00-266\(F\), 25 IR 1075](#)

##### **327 IAC 8-2 and 8-2.1**

Amends 327 IAC 8-2 and 327 IAC 8-2.1 concerning public notification requirements for public water supply systems. Repeals 327 IAC 8-2-15, 327 IAC 8-2-16, 327 IAC 8-2-17 and 327 IAC 8-2-18. Effective 30 days after filing with the secretary of state. (Filed November 20, 2001)

#### **Solid Waste Management Board**

[LSA #00-173\(F\), 25 IR 1124](#)

##### **329 IAC 7-2-6, 7-11-1, 7-11-2, 7-11-3**

Amends 329 IAC 7-2-6, 329 IAC 7-11-1, 329 IAC 7-11-2, 329 IAC 7-11-3 with a new maximum score of 10 to be eligible for deletion from the Commissioner's Bulletin and adds designations that can be attained for consideration for deletion. Senate Enrolled Act 360-1997 required rules be adopted by the solid waste management board to amend 329 IAC 7 concerning the Indiana Scoring Model and assessment of hazardous substance response sites and determine a maximum score to allow sites that either have been the subject of a successful remediation or score at or below the maximum score to be removed from the priority ranking if appropriate. A procedure for deleting a listed site from the priority ranking and a maximum score was established by LSA Document #98-110(F), which was effective November 27, 1998. A maximum score of 5 was established. The procedures allowed for either a party to petition for deletion or for the agency to initiate deletion of a site. After consideration of all sites on the list, it was determined by the agency that this maximum score is inadequate to appropriately delete all the sites that have been the subject of a successful remediation. There are sites that pose no significant risk to human health or the environment but still accrue a score greater than 5. This rule amends the maximum score for a site to be removed from the priority ranking to 10 and, in addition, other approvals (designations) to be applied to a remediated site to determine appropriateness for that site to be deleted from the list have been added. Effective 30 days after filing with the secretary of state. (Filed November 16, 2001)

[LSA #01-207\(F\), 25 IR 1125](#)

##### **IC 13-14-9.5: 329 IAC 11-9, 329 IAC 11-11, and 329 IAC 11-14**

329 IAC 11-9 addresses solid waste processing facilities permit requirements, 329 IAC 11-11 addresses solid waste processing permit issuance, and 329 IAC 11-14 addresses quarterly reporting of solid waste processing facilities. The amendments correct language and references. This rulemaking is required pursuant to IC 13-14-9.5, which provides for the expiration and readoption of administrative rules. A rule that was adopted under a provision of IC 13 and was in effect on December 31, 1995 expires not later than January 1, 2002. All rules adopted after that date under IC 13-14-9, with some exceptions listed in IC 13-14-9.5-1, expire on January 1 of the seventh year after the year in which each rule takes effect. The first Notice of Comment Period and Continuation of the First Notice of Comment Period opened all rules required to be opened in Title 329 for readoption, regardless of their initial effective date. Other comments received are being included and considered within another currently existing rulemaking. Effective January 1, 2002.

#### **Nonrule Policy Documents**

[Water-003-NRD, 25 IR 1370](#)

##### **327 IAC 2 and 327 IAC 5**

**Combine Sewer Overflow (CSO) Long-Term Control Plan Use Attainability Analysis Guidance**

This document fulfills the mandates of Senate Enrolled Act 431 by providing guidance to municipal National Pollutant Discharge Elimination System (NPDES) permittees with combined sewer collections systems. Specifically, the guidance instructs permittees on how to develop a CSO Long-Term Control Plan to address the elimination of impacts to waters of the state from discharges of untreated sewage from CSO's, and how to develop a Use Attainability Analysis to demonstrate the need for a water quality standards revision.

**329 IAC 7-2-3**

**Scoring of hazardous substance response sites using the Indiana Scoring Model (ISM)**

Title 329 IAC 7—2-3 Sec. 3 of the Indiana Register sets forth guidelines for publishing sites that have been scored using the ISM.
